

Marine Industry Exports and Imports

INTRODUCTION

Burnard International has been working with New Zealand marine industry for many years, in developing economic solutions for the transport of boats and related equipment to and from markets worldwide. Professional care and safety are paramount, and the Company is able to take advantage of long-standing relationships with many international shipping lines, both conventional and container - in passing on the benefits related to price and expertise - to exporters and importers in this sector.

Burnard International has appointed overseas agents specialising in handling arrangements for out of gauge cargo, facilitating the smooth passage of your boat or mast, or other equipment, through foreign ports.

Burnard International Limited is a New Zealand owned and operated company, founded in 1982.

GALLERY

Sponsorship OK Dinghies

Burnard International has for some years supported the OK Dinghy Association.

We have taken great pride in our support of the class over the years. In the past Burnard Intl has organised the ocean transport of New Zealand boats to the UK and Europe and last year facilitated European and Australian teams to come to Wellington for the world championships.

Starting lineup Wellington Harbour - World Championships 2010
